

Honourable Voters,

We are fortunate that our forefathers had left us assests worth one lakh crore rupees and liquid assests of one hundred crore rupees with the Trustees of Bombay Parsi Punchayet for the benefit of our beloved and struggling community.

It is very sad that today The Bombay Parsi Punchayet Trustees are prosperous and hogging the limelight. But the poor unfortunate, deprived Parsis are crying because The Bombay Parsi Punchayet Trustees present themselves more by show than by performance.

The Community must remember that the Trustees are servants of the community and attempts to adopt standards suitable for promotion of the rich does not befit them.

The Dokhma issue has acquired special significance amongst the parsees and any administrative action by the state which results in impairment or even a partial interference with Doongerwadi would amount to the violation of the fundamental rights of the citizens guaranteed under Article 25 of the constitution.

Dear Voters, please observe how the needy have remained always in need because the gains have been going only to the greedy who got favours by approaching the obliging Trustees. They have openly discriminated in favour of the rich, and well-placed in society.

There is a lack of access to high and haughty people in Parsi Punchayet whose only qualifications are of ego, corruption and maintaining communication gaps purposely. Such an attitude affects the common man of our community who needs representatives available to everyone who may wish to approach them for help and redress.

So, my dears honourable voters I humbly request you all to come in large numbers on B.P.P. election days and

VOTE for

Dr. Viraf Jehangir Kapadia

Please bring a smile on the poor parsi's face & proudly say, "we care for the poor as well as for our tradition & customs". For that I request you for your support.

Thanking you,

May God bless you all

**Bombay Parsi Punchayet Election
on 4th, 5th, 11th, 12th, 18th, 19th Oct. 2008 in Mumbai.**
