

Baname Khuda!

Dear Zarathushti humdins,

today on Khordad roj is Khordad Sal.

It is the day when our Exalted Prophet Asho Zarathushtra Spitaman was born.

Our Scriptures teach us that whole of Nature and Creations of Ahura Mazda were full of joy at this great event in nature. Asho Zarathushtra's Divine Birth was planned by Divine Agents so that He would go to earth and fulfil Ahura Mazda's mission.

Zarathushtra was sent to control and destroy the Devayasni which had spread in the world. Being of a Yazatic Status, He did this very effortlessly. He left with us the Vendidad, also called Ve-devo-dat, and it reveals to us how to control the Daevasni forces even in this day and age.

Paigambar Zarathushtra gives us Zarathushtis the wonderful mathravani prayers which we can recite every day. He also gave us the gifts of Sudreh and Kushti, which every Zarathushti must not only wear at all times, but also perform the paydab kushti in all the 5 gehs of the day.

We celebrate this joyous day with a song "Nabio na Nabi Amar Asho Zarathosht Paigambar". which has been composed by late Mr Dara Printer. This wonderful song is on the cassette taken out by the Maneckji Cooper Education Trust. It is also available from Mr Marzban Giara.

With our best wishes once again to all our humdins on Khordad Sal.

The TZML Education & Information Committee
